Kokio darbo ieškau? Mano teigiamos savybės

Dear Sir/Madam,

My name is Andrius Semeniuta and I am grateful having a possibility to apply for an open application.

I graduated as a masters in industrial engineering and bachelors in mechanical engineering from Vilnius Gediminas Technical University. As an engineer, I have a strong background in the basic principles of engineering, methods and practices in mechanical systems design. In addition, I am proficient in using CAD designing tools & advanced FEA software packages. I expect to develop my professional and personal skills further, and acquire new relevant habits of work. I expect to work with other personalities and to be a part of the professionals team in the new company.

My professional work experience and my years of academic background have given me not only a strong technical foundation but also domain knowledge and exposure to work environment. My key strengths include effective communication, quick problem solving ability and passionate to learn and adopt new technologies and skills.

As my years of education and experience make me feel confident that I can excel and live up to the expectations in performing the duties assigned. My enclosed resume provides more details on my qualifications, skills and work experience.

I would welcome the opportunity to meet with You to discuss how my education and experience might best be employed to Your organization. Please feel free to contact me if You have any further questions. I will be available as soon as possible to take up the responsibilities if You find me as an potential fit for this position.

Best regards,

Andrius Semeniuta
