Kokio darbo ieškau? Mano teigiamos savybės

I am an HCPC registered Biomedical Scientist with over 3 years of professional experience. I have a solid educational background combined with a wide range of laboratory skills. This includes the knowledge of regulatory bodies, quality requirements and method validation in the laboratory. I participate in a lot of out of hour's service showing my ability to manage a huge amount of workload and my capability to work under a significant amount of pressure. I am dealing with clients daily ensuring the results are exported within the turn-around-time, and that service users are always updated on any delays. Also, I train and supervise other members of staff on extraction and real-time PCR of COVID-19 samples and analysis/authorization of results. I am competent in the maintenance and operation of QuantStudio5 and Bio-Rad analysers and analysis, results interpretation and validation of COVID-19 results. I am well experienced in using Fastfinder, Blueberry and Agilent software and different types of LIMS systems.

Key skills:

- Communication and presentational skills: developed whilst doing oral presentations and continuous professional development talks at work
- Time management skills: developed while working with numerous different tasks and prioritising them depending on the shortest deadline
- Problem solving and workload management skills: developed whilst taking part in the 'out of hours' service
- Quick adaptation to new situations: rotation in different sections in the laboratory due to a variety of trial/study requirements
- Teamwork skills: participating in group projects and collaborating with colleagues, and sharing the workload as needed to provide excellent service to service users
- Training and supervising Medical Laboratory Assistants and Biomedical Scientists
- Excellent proficiency in personal computer applications such as Outlook, Word, Excel, and PowerPoint

Pageidaujamas darbas

Medicina, farmacija, slauga

Pageidaujama darbo vieta

Vilnius, Kaunas

Kontaktai ir pagrindinė informacija apie mane

Gimimo data	1996-12-26 (28 m.)
Lytis	Moteris
Gyvenamoji vieta	Anglija

Darbo patirtis

Darbo laikotarpis	nuo 2018.07 iki 2019.08
Įmonės pavadinimas	Hammersmith Medicines Research
Darbo sritis	Biomedical Scientist
Pareigos	Student Biomedical Scientist
Plačiau apie darbo pobūdį, patirtį	Write controlled documents and forms to ensure correct and up to date information was available to staff and in line with regulations • Prepare documents for external audits carried out by ISO and MHRA • Carry out internal audits of the laboratory, using meticulous attention to detail • Assist with writing validation plans and reports for new methods being introduced into the laboratory • Organise monthly laboratory meetings and took the minutes
Darbo laikotarpis	nuo 2019.09 iki 2020.09
Įmonės pavadinimas	Hammersmith Medicines research
Darbo sritis	Biomedical Scientist
Pareigos	Medical Laboratory Assistant
Plačiau apie darbo pobūdį, patirtį	Specimen reception, data entry and use of laboratory information management system • Processing and storing pharmacokinetic and pharmacodynamics samples • Clean and maintain equipment to achieve the optimum instrument performance and maintain a clean and safe working environment (centrifuges, incubator, fume hood, the class II cabinet, liquid nitrogen, eyewash station and performance checks on the pipettes and the balance) • Effectively communicate with suppliers at different sites and across multiple time zones

Darbo laikotarpis	nuo 2020.12 iki 2021.04
Įmonės pavadinimas	Hammersmith Medicines Research
Darbo sritis	Biomedical Scientist
Pareigos	Junior Biomedical Scientist
Plačiau apie darbo pobūdį, patirtį	<ul style="list-style-type: none"> • Analysis and validation of routine and special laboratory tests and liaison with medical staff • Maintenance, operation and troubleshooting of the following analysers: UniCel DxH 600 Synchron, UniCel DxH 800, UniCel DxI 800 Access Immunoassay System, iChem Velocity and iQ200 Sprint, ACL TOP 300, Access Immunoassay System, Power Processor, Triturus, AggRAM and Magpix, Immulite, QuantStudio5 • Performing internal and external quality tests (EQA), including preparation, analysis and validation of results • Manual and automated viral RNA extraction using vacuum protocol and QIAcube Connect • qPCR using QuantStudio5 (COVID-19 testing) • Participating in the validation of new methods implemented in the laboratory • Reagent management and verification of new lot numbers
Darbo laikotarpis	nuo 2021.05 iki dabar
Įmonės pavadinimas	Eurofins County Pathology
Darbo sritis	Biomedical Scientist
Pareigos	Biomedical Scientist
Plačiau apie darbo pobūdį, patirtį	<ul style="list-style-type: none"> • Analysis, interpretation and validation of COVID-19 results • Training, competency assessing and supervising BMSs and MLAs • Batch acceptance testing on new lots of reagents • Representing molecular lab in EQA/IQC meetings, performing and submitting results for IQA, EQA and environmental monitoring • Automation and maintenance of Kingfisher, Multiflow, MGI and Bio-Rad analysers

Išsilavinimas

Laikotarpis	nuo 2016.10 iki 2020.07
Išsilavinimas	Aukštasis universitetinis
Mokymosi įstaiga	Middlesex University
Išsilavinimo sritis	Medicina
Sritis	Biomedicina

Kalbos
