Kokio darbo ieškau? Mano teigiamos savybės

Dependable employee seeking opportunity to expand skills and contribute to company success. Considered hard-working, ethical and detail-oriented. Excellent verbal and written communicator with strong background cultivating positive relationships and exceeding goals.

I hold a dual degree in architecture, where I gained a comprehensive understanding of design principles, space planning, and construction techniques. My coursework also equipped me with proficiency in industry-standard drafting software such as AutoCAD, SketchUp, Archicad and Solidworks. These technical skills, coupled with my keen eye for detail, have allowed me to create precise and innovative designs throughout my academic and professional career.

I'm currently up for any kind of work, even if it means starting off as an assistant. I have residence and work permit to live and work in Lithuania.
