I'm looking for a job as an architect or an architect assistant.

I'm an inspired, motivated person, who is open to gaining knowledge and learning new software in case it is needed for the job. I take what I do seriously and precisely because I love it.

In my previous job, I was a responsible and diligent worker and quickly learned and improved in the process.

I completed both bachelor's and master's degrees with honors and was the best student in the course at Kharkiv National University of Civil Engineering and Architecture. Now I'm studying in the master's architecture program at KTU.

Pageidaujamas darbas Architektai

Pageidaujama darbo vieta Kaunas

Kontaktai ir pagrindinė informacija apie mane

Gimimo data 1998-03-23 (27 m.)

Lytis Moteris
