- Ensuring maximum output achieved in safe working manner;
- Conduct briefing and shift launch, distribute daily work assignments to gain best productivity for the department;
- Deliver feedback and coaching to enable associates performance to their full potential;
- Undertaking all daily administration duties;
- Work with time & attendance reporting, general associate queries;
- Following company's health and safety rules;
- Set clear goals for the team;
- Delegate tasks and deadlines;
- Monitor and report associate's performance;
- Motivate team members, recognize and reward high performance;
- Take responsibility for the smooth running of all aspects of the operations;
- Monitor their development and if necessary provide extra teaching on process;

Environcom Ltd October, 2017 to October, 2018

I worked as a Supervisor. My responsibilities were:

- Preparing daily workload for staff and coordinating the daily allocation of work;
- Dealing with all recycling and goods-in related issues efficiently;
- Dealing with all related paperwork and following procedures; • Preparing and maintaining accurate and timely reports and of customer orders;
- Preparation of monthly reports and feedbacks;
- Promoting Health & Safety practices across the departments.

Environcom Ltd December, 2015 to October, 2016

I worked as a Machine Operator. My responsibilities were:

- Set up machines (Calibration, cleaning etc);
- Control and adjust machine settings; • Feed raw materials or parts to semi-automated machines;
- Inspect parts with precision and measuring tools;
- Maintain activity logs; • Fix issues that might occur during the shift;
- Check output to spot any machine-related mistakes or flaws;
- Test operation of machines periodically; • Follow health and safety procedures;
- Work as a team member;
- Monitor and maintain quality and compliance targets; • Work to quality standards;

- Pay attention to detail when completing tasks.

Environcom Ltd June, 2014 to December, 2015

I worked as a General Operative. My responsibilities were:

- Operate production line equipment; • Assemble goods on a production line;
- Report equipment faults to maintenance staff; • Finish products and monitor the production process;
- Carry out basic testing and quality checks; • Use lifting equipment;
- Store goods and materials in the factory or warehouse; • Pack goods ready for shipment;
- Maintain clean and tidy working area;
- Follow health and safety regulations; • Keep quality documentation up-to-date;
- Monitor and maintain quality and compliance targets; • Ensure that all QA tests are carried out on time and in full.

Activities and Interests

I have a keen interest in active lifestyle, such as playing basketball, going to the gym, cycling or walking outdoors. Furthermore, I am adept to continuous personal and professional development and enjoy reading educational books. Lastly, I am passionate about travelling, cars, music and latest technologies.
