Kokio darbo ieškau? Mano teigiamos savybės

I have trained as an artist from an early age, typically in the realm of painting pictures. While I still do

create art, my main work comes in the form of painting walls for homes and businesses. My keen artistic sense and knowledge of color allow me to make informed decisions on the type of paint to use for different projects based on both aesthetic sensibilities and the properties of a given project. During my time working on construction projects, both superiors and clients have consistently commended my work on various spaces. In particular, I was tasked with painting the interior of a future conference room and given the freedom to do as I liked with respect to color and paint type. Based on feedback from the client, they were extremely pleased with my selections and have yet to repaint the room since it was completed over eight years prior.

The enclosed resume contains a comprehensive look at my work history and skills relevant to this position and I have included references from past employers. I am confident that I am the most qualified person for this position and I am looking forward to meeting with you soon to learn more about this job and to discuss my qualifications in more detail.

Respectfully,

SABBIR HOSSAIN JEWEL
