#### Kokio darbo ieškau? Mano teigiamos savybės

My name is Karim Oukaour, and I am from Algeria. I have a background in Electrical and Electronics Engineering, having completed five years of study in this field. Since June 2015, I have been employed as an Instrumentation and Control Engineer in the oil and gas industry with the company Sonatrach.

In my role, I am responsible for various activities within the instrumentation field. These include troubleshooting and resolving issues related to gas processing control loops, as well as configuring and calibrating field transmitters that measure flow, level, pressure, and temperature. Additionally, I ensure the proper functioning of SCADA network devices, including servers, Cisco switches, printers, and workstations.
