### Kokio darbo ieškau? Mano teigiamos savybės

I'm a dedicated IT technician with a strong passion for troubleshooting technical issues and providing efficient IT support. I have a solid foundation in computer hardware, software, and networking.

I'm seeking an IT technician position where I can leverage my skills to assist users, maintain IT infrastructure, and contribute to a dynamic team.

My strongest features include:

Problem-solving: I excel at diagnosing and resolving complex technical issues.

Technical proficiency: I have a deep understanding of various operating systems, software applications, and network configurations.

Communication skills: I am able to effectively communicate technical information to both technical and non-technical users.

Attention to detail: I am meticulous and ensure accuracy in my work.

I have experience in:

Desktop and laptop support: Troubleshooting hardware and software issues, configuring devices, and providing user assistance.

Network administration: Managing network infrastructure, troubleshooting connectivity problems, and implementing security measures.

Server administration: Maintaining and optimizing server performance, managing user accounts, and ensuring data security.

I am eager to apply my skills and knowledge to contribute to a successful IT team.

Pageidaujama darbo vieta Vilnius
