Kokio darbo ieškau? Mano teigiamos savybės

I'm architect from Seville Higher Technical School of Architecture (5 years plan + 1 year Final Project) and I live in Vilnius city. I speak fluent English and Spanish.

My degree includes training on architectural projects, urban planning, construction planning, design and calculation of steel & concrete structures and building installations.

I have ability to draw, design and calculate all building and structural phases. Great interest in new technologies.

Proficiency in Autocad 2014, Archicad 16, Sketchup, Revit 2014, Artlantis Studio 4, Corel Draw X6, Photoshop CS6, SAP 2000 Structures and of course the Office Pack and Windows systems.

Experimented in graphic abilities, physical models , 3D digital modeling and picture edition.

Also I want mention that I was living in Vilnius from September 09' to September 10', studding architecture in VGTU as exchange student of Erasmus Program; later I came back Lithuania again in July 11' till April 12' to do internship also inside the Erasmus Practice Program. I was five months working for Formos Architektūros Studija and later I worked one month in VAS (Vilniaus Architektūros Studija).

If it can be helpful to you I leave my personal CV in the link below, where you are able to see a better description of me. Thank you for your attention.
