Kokio darbo ieškau? Mano teigiamos savybės

Enthusiastic, quick learner and open-minded, motivated to create VALUE and earn money with main skills in Java programming. Looking for a JUNIOR position as JAVA / Android / Full Stack developer!

****IMPORTANT**** Have an opportunity to use "Darbo įgūdžių įgijimo rėmimą", where "Užimtumo Tarnyba" can compensate 50% of paid salary.

Have good English skills; willing to learn new tools, passion for delivering a well-designed, optimized and scalable solutions, covered by automated unit tests, willing to use and search for qualified solutions, having very good communication skills, taking initiative and decisions, willing to work in a really very friendly and self-organized young and matured team.

As a tech-enthusiast and programmer I quickly adapt to new challenges and responsibilities. Being a passionate learner I show great interest in acquiring and improving my skills. I am an energetic, responsible and determined team member and ready to achieve results and meet targets. At the moment I wish to be the best in my field and I will work towards that goal for however long and hardworking time it will take!

I realized that I enjoyed development and could do it for living only last year. Therefore got enrolled into a intensive & concise 6 months JAVA course to refresh and expand my knowledge.

Dedicated to work. Serious, but with a sense of humor.
Constant learner(recently).
Creative, friendly.

Willing to learn something unique, so that a machine can never catch up with us.
Values, believing, independent thinking, teamwork, care for others.

My motto is: if I don't know it yet, I'll learn it.

INTERESTS: Bicycle, politics, travelling, movies, bowling.
